I leave to all the Sisters of Zeta Sigma Phi: head tilts, zeta fruit, ski-trips, bud lights, Sunday meetings, Zeta clothes, Applebee's boneless buffalo wings, Funky Phish, car washes, concerts, flip cup, Pledging, the cafeteria, Starbucks, Wendy's runs, Blizzard 2006 at my house, side ponytails, Relay for Life, Diabetes Awareness Walks, and all the other memories we have made over the years. Thank you for being my sisters and for making my college experience the best 4 years of my life! "Friends are like stars, you may not always see them but you know they are always there."

-Luise Stellato

I can not believe the time has finally come to leave St. Joe's. it seems like only yesterday that I first learned how to battle for a parking space and wait hours on end for the registration page to finally load. I will never forget these memories or the people that helped me through it all. Mom and Dad: Thanks for supporting me even when it means I get to travel to another country. I love you both so much. There are really no words to describe how much you both mean to me. Cassie: Held down the fort while I'm gone and keep the Barcia legacy going! You'll always be the best cartoon impersonator I know... "BABY GOT BACK!" Krista: Thanks for being my art buddy. You've definitely made the past four years awesome! You've become more than a friend...you're my doughnut. And yes, you've thanked me enough. Scany: Have fun being a "super-senior".

I iknew, no matter what, you'll succeed... in something. I love you more than bunnies! It's true. Rick: Thanks for helping me become the artist I wanted to become. You have inspired me to take the path I truly love: Art. And you've been the best photo teacher/club mederator I've ever had!

Marian: Thanks for putting up with my MILLIONS of questions. You were definitely always there when I needed you and I am so grateful for it. Mr. Schultz: Thanks for being Mr. Schultz. You've been one of the coolest teachers I've ever met. Keep up those great craft projects, I've used every one! Art Club: I can honestly say that Art Club has been my favorite thing about St. Joseph's and I am proud to have been a part of it. Whether it was painting murals or gutting pumpkins, I've enjoyed every moment. Thank-you especially Krista, Jayme (not me), Michelle (the last Madame Coordinator), Amy Pants, Jess, and Jackson (honorary member) for being with me till the end. Remember: No cars required. To all my St. Joe's Friends: "Imagination is more important than knowledge." -Albert Einstein. Let your imagination take you to your dreams. -Kimberly Barcia

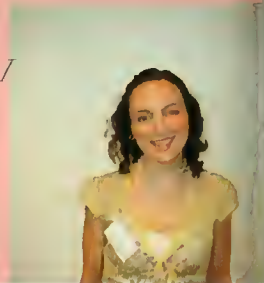

During my four years at St. Joseph's College, I would like to thank many people. First, my parents for all of their love and support. I would like to wish my three colleagues of Student Government Association 2005-2006, Christen, Kristy, and Jee, the best of luck, happiness and success of the future.

Thank you to the Danzi Athletic Center administrators and staff for help making the past four years an exciting place to work. And to my brothers of the Delta Psi Omega Fraternity, thank you for making my last year at SJC a very memorable one! Lilo 317

College is not necessarily about the classes you take; it's about the people you meet along the way. It's about the relationships that have shaped you into the person you are today. When I began college I was on one path, positive that I knew exactly what I wanted, but as I grew as a person I became stronger, not afraid to admit if I was wrong, not afraid to change my major and the direction of my life. I cannot stress enough that it is because of my experience within the sorority that has changed me for the better, and forever I will be proud to call myself a sister of Zeta Sigma Phi. -Christen Gang

Dear Class of 2006,

Congratulations graduates, another milestone in our lives' is now complete. We are four years older and proud to hold a degree certifying us to go out into the world and become someone great. Many of us may had hoped, that upon graduation a simple road map of life was handed to us, or that there could have been a set of foolproof rules that showed us the way to success. But this is not always the case, as we will learn in years to come. The reality of it is, each one of us will need to rely on our own morals, morals that were taught to us throughout our years at St. Joseph's College. With the guidance of our professors and the exchange of viewpoints from our fellow classmates, we have learned to think outside the box, and to not always take things for granted.

As we look through this yearbook, it will bring back memories of friends that had an impact on our lives and helped in the formation of who we are today. These memories reveal how fortunate we were to attend such an amazing college. This was truly a place where we were given the opportunity to learn not only in the classroom, but outside it as well. Attending a commuter college held many advantages for us, time to mingle with friends sometimes lasted forever, but we always knew that if time alone was needed, the comfort of our own home was within a short car ride. And home cooked meals were a thing that happened nightly.

If I could leave you with one last thought, I hope that we all remember to live life passionately, set our goals high, and always follow our dreams. I think Dr. Seuss sums it up best when he wrote:

You have brains in your head.

You have feet in your shoes.

You can steer yourself in any direction you choose.

You're on your own.

And you know what you know.

You are the guy who'll decide where to go.

A small note of Thanks:

The publication of this yearbook would not have been possible if not for some very helpful people. I would like to thank Marian Russo for all of her assistance throughout the course of the year as well as everyone in Student Services who was always there to help. Without Veronica Manlow stepping up to help us out midway through the year, it absolutely could not have been completed. I would like to thank Steve from East End Photography for being so cooperative with us in helping us to gather as many pictures as possible. Lastly, I would like to thank my staff, Kerry Ann Conde and Joseph Macellaro for sticking it out to make this dream a reality.

Sincerely,

Christine Zeblicky
